

INFORMAZIONI PRODOTTO

# E 61

Legend Anniversary 1 group

# E61 Legend Anniversary 1 group

E61 Legend celebrates its anniversary with a single-phase version suitable for household installation.

A machine that has been an icon of design for over 60 years, the E61 features an elegant wood trim on the extraction lever, knobs, wands, and iconic side frieze. It is complemented by **two available aesthetic finishes**: Glossy White and Stainless Steel.

E61 Legend celebrates the past with the famous backlit custom panel, restyled with the addition of a sixth gold star, a symbol of this period of rebirth, and with lettering that recalls that of the original model.

Available to users:

**Coffee extraction lever**, which enables professional brewing at home just like at a coffee shop.

**Ergonomic steam wand**, a system designed to facilitate the movement of the wand to prepare an authentic cappuccino.

Hot water wand for immediate water dispensing for tea and herbal tea preparation.

Glossy White

Stainless

## PRODUCT INFORMATION

L x D x H (mm)

555 x 540 x 565 mm

Depth / Distance between supports (mm)

455 mm
